NOTES FROM PASTOR –

Have you ever wondered why some people seem to have so much faith, others have weak faith, and some have no faith at all? The Lord has given to every man a measure of faith (see Romans 12:3). And so, what is faith? Let me first say what it is not. Faith is not positive thinking or optimism. It is not a feeling that you can do something. It is not a hunch or looking on the sunny side of the street.

Faith is getting a word from God and acting upon it. You see, you can get a word from God and believe that word- that is belief. But, when you act upon it- that is faith. Faith is belief with legs on it. Today is the day that you put your foot of faith upon the promises of God and say, “That promise is mine!”

We should start every action in regards to His promises with “I believe.....” If you will only believe then it can happen for you. I know because I have tried it and it works!!

Hebrews chapter 11 is one of my favorite portions of scripture. I just love how these men and women’s faith rewarded them with the blessings of the Lord. Can you hear the words of that little chorus now-”Only believe, only believe, all things are possible if you will only believe.” Faith really is belief.
